# CHICKEN THIEVES IN PRISON EIGHT YEARS.

Petition in Circulation for Release of Bert Mueller and J. W. Bynum From Penitentiary.

Petitions are being circulated in the Tri-Cities for the release from the Chester Pen-itentiary of Bert Mueller of Venice and J. have been imprisened eight years for steal-ing chickens. Mueller was arrested eight years ago by

Marshal Bennett of Venice for stealing four chickens from a neighbor. Mueller was sen-

chickens from a neighbor. Mueller was sentenced, and since then the Marshal has not heard from him. The official was much surprised to learn that the man was still imprisoned.

Bynom was caught about the same time, and, as he had the reputation of being implicated in most of the roost raids that at that time were of nightly occurrence, he was convicted of stealing three fowls and sentenced under the habitual criminal act to twenty years in the Penitentiary.

The negro, those who remember him say, had a mania for taking chickens, more for the sport than the value of the fowls. On many occasions, it is said, he would give the booty to some friend. He worked for a doctor, and while the physicial was attending a patient Bynum would be busily engaged in capturing stray chickens.

When it was learned that the men were still incarcerated, a movement was started to have them released by getting up a petition to be presented to the Board of Pardons of the State.

She said he gave her \$15 last Wednesday and told her it had to suffice for her wants until next October. Mr. Warfield said he could not issue the warrant before an offense was committed.

fense was committed.

Daniel G. Taylor, president of the Suburban Water Supply Company, was in Clayton yesterday making arrangements to extend the mains of the company through Henderson and St. Ferdinand avenues in Clayton. The pipes now run along Meramec avenue, and the people living in other parts of the town have been clamoring for water for some time. Mr. Taylor said an offer for the purchase of the company had been made by the Missouri River Water. Power and Light Company, and that the offer would probably be accepted after the pipes of the latter company had been laid and the water turned on.

Theodore Weber got a verdict for Theodore Weber got a verdiet for 500 Friday night in the Clayton Circuit Court in the slander suit that he instituted against Aldermen Lane, Ricker, Croin, Bopp, McCullough and Kendall of Kirkwood. Weber kept a salson on Main street, and the Aldermen adopted a report at one of their meetings to the effect that the place was nor kept in a proper manner. Weber alleged that the publication of the report was injurious to his business and character, and asked for vindication in the courts.

# GERMAN TRAUBENKUR.

in America.

Considerable interest has been excited in America over the Traubenkur or Grape Cures located principally along the River Rhine, and thousands of Americans have flocked to these resorts where flyapepsia. Liver and Ridney troubles and wasting discases are successfully treated by the use of grapes, followed with suitable treatment of the bowels. Admirable results have been attained by this treatment in these and similar aliments. An enterprising American company is now extensively manufacturing a cure along the same lines, and virtually giving a Traubenkur at home for 50 cents a bottle. The preparation is called Mull's Grape Tonic, and it is now on sale at Raboteau's drug store. It is said to be proving quite as popular as the Grape Cure of the Fatherland, especially as it is not every one that can take a trip to the Rhine for a stomach disorder or a "lazy" liver.

It is peculiarly efficacious in cases of dyspepsia, liver and kidney trouble and consideration. It is a gentle fruit invative, and is as pleasant to the taste as it is gratifying in results. It is made from the juice of the grapes, combined with medicinal herbs. It is classed as a wonderful nerve tonic and builder. It refreshens and strengthens those who lack with inceletina those who lack within the search when the search in the search when the search in the search in the search of the grapes. A. Lewin has cured nearly six thousand cases of rupture. While many of those whom he cured reside in St. Louis, the list of patients cured is by no means confined as residents to St. Louis, but reside in all parts of the country,

Dr. Lewin's national popularity as a rupture specialist is the simple result of his unparalleled success in the treatment of this most dangerous and terrible affliction. Cases that have been abandoned as utterly hopeless by the most skilled medical practitioners have yielded to Dr. Lewin's treatment, and in a remarkably short time those who were supposed to be doomed to life-long suffering have been restored to health and comfort without fear or relapse.

Distinguished members of the medical profession have frankly confessed their amazement, and have not only recommended their own patients to go to Doctor Lewin, but they themselves have sought his aid.

claims, therefore, to have an unprecedented knowledge of all the phases and developments of rupture. It may be trutbfully asserted that no man ever possessed the remarkable skill evinced by Doctor Lewin in the treatment of rupture and this is proved by the fact that no man can show such a brilliant record of astonishing success. Dr. W. A. Lewin occupies the entire

building on Sixth and Washington avenue. His reception room always being crowded, he advises those wishing to consult him to make special appointment, either by mail or by telephone.
